Message from The President

As I move on from serving as the president of the Bay Park Civic Association, I would like to thank all of the board members, past and present for all of their hard work and dedication in making this association what it is today. As the board members change over the years, one thing remains the same. Every board member has the same goal, to continue serving our community. As we welcome new board members this month, I am confident that the civic association will continue to work to improve our community as it has done for many years. Additionally, thank you to all of our community volunteers who make it possible for all of the events to take place and for assisting with the upkeep of our properties. We couldn't do it without you.

Rachel B. Sumerson
